Access to the Fitness Centre shall be on a first-come, first-served basis.

02 Operating Hours & Usage Duration

WORKOUT WINDOWS BY OFFICE SCHEDULE

YOUR OFFICE SCHEDULE	BEFORE WORK	AFTER WORK	AFTER WORK (FRI)
8:00 AM – 5:00 PM	6:00 AM – 7:45 AM	5:00 PM – 7:45 PM	5:30 PM – 7:45 PM

45 minutes / day

Maximum total usage per employee, per day

Employees on the 8:00 AM–5:00 PM schedule may use the Fitness Centre within the 6:00 AM–7:45 AM window before work, or the 5:00 PM–7:45 PM window after work. Employees on the 10:00 AM–7:00 PM schedule may use it within the 8:00 AM–9:45 AM window before work, or the 7:00 PM–9:45 PM window after work — ensuring that fitness activities do not interfere with official work responsibilities, scheduled meetings, or business operations.

On Fridays, office hours extend to 5:30 PM and 7:30 PM respectively, so the after-work window begins after 5:30 PM (for the 8:00 AM–5:00 PM schedule) or after 7:30 PM (for the 10:00 AM–7:00 PM schedule), and both windows close at their usual end time.

To ensure fair access for all employees, the maximum usage time is limited to 45 (forty-five) minutes per day. Employees are requested to complete their workout within the allocated time to allow others to use the facility.

The Fitness Centre remains closed on weekends and public holidays.

Access to the Fitness Centre outside the designated workout windows — including during official office hours — is strictly prohibited. Facility usage will be monitored, and any violation may result in disciplinary action as outlined in Section 15.

Employees are requested to proceed directly downstairs after using the Fitness Centre if their workout ends after 5:00 PM, as floor cleaning will be ongoing after regular office hours.
