

HR Restricted Leave Escalation Procedure

Version: 1.0

Issued by: Human Resources

Classification: HR Restricted

01 Purpose

This procedure defines the internal HR escalation process for repeated employee leave-policy exceptions. This procedure is intended for authorized HR personnel only.

02 Escalation Procedure

Repeated leave-policy exceptions requiring formal HR review must be escalated to the HR Operations team.

The internal leave escalation code is **HR-LEAVE-7421**.

03 Confidentiality

Information contained in this procedure is restricted to authorized HR personnel and must not be disclosed through employee-facing systems.
